RE: FORM 4CR "INTENTION TO DRILL" FIDELINA-1 WELL

Attached hereto is the duly approved form referred to above, corresponding to the Fidelina-1 well, drilled within the area of the Guatapuri Association Contract and classified as an exploratory well.

The authorization to drill the well is issued without prejudice of the Environmental License granted by the competent authority.

The company must timely inform this Bureau of the date of commencement of drilling, logging and formation tests, which the Ministry will use to program the required inspection work.

Moreover, the drilling report must be sent directly to the Bureau.
